Windsor Winds Edition

March 2024
Volume 29 Number 3

Big SIR – Larry Doherty

Hard to believe it is already March. I do believe we will be putting the garland around the tree in no time. So let us slow down time and remember we have a national holiday this month that is just as important as the rest of them—'St. Patrick's Day.' It would be great to see **everyone wear a little green for this month's luncheon on the 20th for we all have a lit' Irish in us.**

We had a great turn out in February, our largest in a while, 46 members!!! So let's see if we can surpass that number this month. Come and join us for a little corn beef and cabbage.

During this luncheon we celebrated two of our members, Ed (and Corinne) Peoples and Bill (and Marilyn) Gillaspay, as they both have been married for over 70 years...quite an achievement and a inspiration for us all. When you get a chance, make sure that you give them a warm well deserved handshake on their feats. Well done gentlemen. Tom Hasco recommended a series for us all to watch on Prime, if you have it called, 'Great Canal Journeys.' It is about a couple, who were actors in England, who take an adventure around the canals in Britain on a narrow boat. They have celebrated their 50th anniversary, a little shy of our members, and begin traveling together on different canals and the adventures of their life having been married 50 years together. The wife, who has started to experience Alzheimer's is still a champ. I have watched two

episodes and can only say, wow, I can't wait till tomorrow night so I can watch the next two. Thanks Tom, great call.

The BEC considered 3 different things last month; that included yearly dues, luncheon cost, and adding a new Windsor SIRs activity. 1. Though the State SIRs has raised our dues, per member, to cover additional insurance costs, the BEC choose not to raise our own membership dues. 2. In regards to the luncheon cost, we are going to raise our lunch costs to \$23 starting in April to capture the cost Charlie's is now charging us. As one member pointed out, some branches charge as high as \$35 for their luncheons. Charlie's was gracious enough to keep our own cost the same for some time but like everything else, cost are going up. Don't forget to mention you are a SIRs member if you ever eat at Charlie's as you get a discount. 3. The BEC approved a new SIRs activity, 'Cribbage,' which we started at the end of February. It was in the weekly bulletin if you missed the initial date, however, if you like to play or would like to learn, please come. We are meeting at the senior center. Please read your weeklies or look at the calendar on our website to determine the dates and times.

I would like to end by giving Gary Jensen a shout out for his role in the coffee club. Our success in drawing new members to our branch has largely been due to the coffee club; so Gary, thank you for your 7 years of overseeing and ensuring we are successful. Gary was presented with a SIRs Certificate of Appreciation certificate for being our "favorite barista."

Please stay active and stay involved. Not only is SIRs about us, it is for us.

Little SIR – Tom Palmer

On February 23rd I attended our SIR area leadership council meeting chaired by our interim area governor, Rick Kindle. Some of it was the mundane discussion about forms and requirements, but I found the interesting part to be the reports by each of the Branches on how they were doing with regard to membership and volunteers. For example both membership and volunteers have so dried up in Oakmont that, for their survival, they now include women (ten I believe); and Marianne (a wonderful lady and amazing leader) is their Big Sir. Rohnert Park is also down in their membership (I think less than 30) and last year voted to not allow women, so they are near a breaking point. Healdsburg, branch numbers are also way down, and volunteers almost non-existent. Their only thriving

activity is golf. The two Santa Rosa branches merged and now they have about 145 members so they enjoy a substantial number of activities and volunteers.

Then I look at our branch, our growth, our activities and our volunteers, all leaving me very impressed. Like how John Fineren has taken on many of Gary's duties, or how Frank Treanor and Jerry Culver stepped in for Mike Berry to run golf. Not only did Ron Nordstrom volunteer to help with golf, he started and is organizing the new Cribbage activity. Newer SIR member (July 2023) Gary Trojanowski stepped up and took over the very challenging Treasurer position and newer member (Oct. 2023) Jim Tubbs took on developing our web page. Both your Big and Little Sirs are relatively younger in age and joined in 2022. My point is that even though Branch 176 is doing quite well, we cannot become complacent. We still need to bring in new members, ideally some with a bit of gas left in their tank so that they might want to both be involved and volunteer. "Many hands make light work". If you don't have more to give, or just can't...then please help by trying to find someone who does, and invite and encourage them.

If you want to volunteer for something, then please consider the upcoming vacancy organizing the Couple's Dinner; It's an important activity without a large time commitment. If you want to start a new activity like a book club, hiking or ? then talk with Larry or I. Or, if you want to be a helper like the guys (Elias Zegarra, Dave Schleeter, Len Schwer) at coffee time, then please consider helping at the summer picnic. Also, we could use someone who would like to take photos for the newsletter. Let's all work together to keep this a vibrant branch!

Chris Roach – Friendship Report

Get Well: Bill Gillaspy, Steve Baxman, Virgil Sevieri .

Thinking of You: Tom Lawrence

HAPPY BIRTHDAY THIS MARCH TO:

Elias Zegarra

Golf- Frank Treanor

To join us you certainly don't need to be a "good golfer", just a person who enjoys the game. There is now an agreement between us and the course that for us to get tee times at about 8:00am on Wednesdays we must provide them with appropriate advance notice. There are two ways you can help us get our tee times. First, sign up on the sheet in the Sirs box the Wednesday prior; or second, no later than the prior Sunday evening, email or call Frank. (707-322-7217; bcft11@comcast.net) **There is no need for you to individually call the course, Frank will do that when he knows who is playing.** *If you do not sign up or call, then your play cannot be guaranteed.*

If you are new to Sirs or figure it's time to pick the game up again, please call Frank at 707-322-7217, or email him at bcft11@comcast.net

DON'T MISS OUR LUNCHEON GUEST SPEAKER ON 3/20:

GARY GREENOUGH

Gary is the Public Information Officer and on the Board of Directors for the Pacific Coast Air Museum. To be discussed: Why are there no airshows anymore? WHAT is going on with the 'movie star' Butler hangar? Just how many hot dogs can people eat? Exciting events at the Air Museum this coming year! Hear all this and more...Be a part of this exciting presentation by our own Sir Gary Greenough. See you at Lunch!

Special thanks to our last guest speaker, Jim Sullivan

Jim spoke with us about animal tracking. If you are interested in taking one of his classes at the community college. Just click under his photo.

DUES NOTICE:

If you haven't paid your yearly dues of \$24 expect a call from Larry inquiring as to whether or not you want to be a member this year. So, if you haven't paid, you may still mail a check made out to "SIR Branch 176" and send to Garry Trojanowski, 9575 Wellington Circle, Windsor, Ca. 95492. OR bring the check to coffee where Garry is usually present, or bring it to the next Luncheon.

2024 June Picnic News Flash:

Please mark your calendars for Wednesday, **June 26th**, when Branch will hold its annual Ladies Day Picnic. Details are being worked out by the Picnic committee and more information as well as signup opportunity, will be available in March. We need volunteers (including spouses or partners along with members) to help out with making our picnic another successful and memorable event. We will be looking to our members to provide raffle prizes, wine donations, and other needs for the picnic. We will have a buffet lunch provided by Charlie's Restaurant, a raffle of prizes, Bingo games hosted by Erin Stroud, Director at the Windsor Senior Center, and lots of time for great conversations and renewing friendships. More details will be forthcoming as we get closer to the June 26th date.

Ladies Day Picnic Committee

**Couples Dinner
(Not an official SIR Activity)**

Couples Dinner- Wayne Lindahl

The February Couples Dinner is scheduled for Thursday, February 29th and it sold out in 4 hours, with 12 couples attending. We have a waiting list of 9 couples, previously 11.

This was one of our most popular restaurants according to the recent survey. More later, about the survey. If you are not getting notices regarding the Couples Dinners and you would like to be included, please let Wayne Lindahl know, "wlindahl@sonic.net".

The survey was quite interesting. There were two obvious favorites, Grata with 11 positive votes and Windsor's Himalayan Restaurant with 10 votes. Kin in Windsor was the 3rd most popular and 4 spots tied for 4th place (Pezcow, Qimura, Diana's and Maison Porcella). Some of the favorite spots were also included in the "Didn't Like and Would Not Return" category, Pezcow, Himalayan, Diana's, Mitote Food Park and Kin in Windsor.

The main purpose of our Couples Dinners, is sociability and getting better aquatinted with our fellow members. The food is really a secondary benefit to our gathering.

Please join us.

Welcome our two newest members:

Gary Quinton

I recently relocated to the Brooks Creek area with my husband, David Michelson, from Arden, Delaware. My family is from Miami, Florida, and my brother and his extended family live in Atlanta. My pre-retirement life was spent being a Chemical Engineer and working up the corporate ladder for the company whose slogan was “Better Living through Chemistry, and ‘The Miracles of Science.’” I retired in 2018 and started our journey into retired life with several hurdles overcome since then (Sonoma fires and a pandemic to name just two). We love the vibe of West County, and “pulled the trigger” to leave Arden last year, unpacking our stuff in January 2024.

I’m still doing my “homework” on my retirement interests, so you may find me asking what you do to pass your time and “be retired.” I am a “good weather” bicyclist and can’t stop my brain from being a project manager, so you’ll find me organizing and planning. Let’s connect and ‘help the newbie’ uncover his retirement passion!

David Michelson

I recently relocated to the Brooks Creek area with my husband of 27 years, Gary Quinton, from Arden, Delaware. My family is from Bucks County, Pennsylvania, and they currently live in PA, FL, TX, and Southern California. I worked as the CFO for various nonprofit social service agencies in the Philadelphia area. In my spare time, I volunteered at the board level for various nonprofits in Philadelphia and Delaware. I retired in 2023 and am adjusting to my newly found free time.

I am a “good weather” bicyclist, assemble 500-piece jigsaw puzzles, and enjoy kite flying and day-hiking. I am looking forward to regularly visiting Armstrong Woods, the Pacific Ocean, and all that Sonoma County has to offer, including coffees and dinners with the SIRS!

NEW COFFEE CLUB COORDINATOR:

After about seven years Gary is placing the coffee club into the capable hands of John Fineren. Thanks to Gary for his remarkable service and thanks to John for stepping up. Coffee hour at 9am on Tuesdays remains one of the most attended activities we have. It started in May 2017 with about five or six guys to now there are over twenty each week. It remains one of the best ways to introduce a friend to SIRS.

Gary Jensen – Recruitment

Recruitment: In February we officially brought in five new members (three featured in last month's newsletter). We are on a roll, so let's keep inviting friends.

For Coffee (John Fineren) : Interest in the Tuesday Morning 9am coffee session remains high. Where else can get coffee, a pastry and good conversation for \$1.00?

Coffee at the senior center
Please invite a friend.

Bocce Ball - Stewart Morgan

Bocce Ball at the Senior's Center Thursdays at 10:00am. All are welcome.

Did you know, Bocce balls can be made of wood (traditional), metal, baked clay, or various kinds of plastic? Unlike lawn bowls, bocce balls are spherical and have no inbuilt bias.

OUR NEWEST ACTIVITY: CRIBBAGE

At coffee, there was a discussion about cards and different card games folks liked to play. The consensus from many folks was that cribbage would be a fun game to have as a SIR activity. Ron Nordstrom then brought the idea up to your board who approved the game as one of our SIR activities. So our Windsor Senior Center agreed to provide us with a room on Wednesdays from 1:30 to 4. Numerous folks have provided cards and boards. Our first cribbage game was on 2/28/24. Many more SIR gentlemen said they were interested than who were able to attend so we expect bigger turnouts as time goes on. In any event, all (experienced & inexperienced players) had a good time. Please join us, you don't need to bring anything and don't need to be an accomplished player (or even have played before)...just come, join us and be prepared to have fun.

Dave Harrison: Bowling Report for SIR Branch 176

Our Fall and Winter Mixed Couples Monday morning bowling league has entered its last competitive segment. With merely eight sessions left, our playoffs will conclude the current league. Sir John Campbell's team has qualified for one of the four playoff spots, while two remaining spots are yet to be determined. One team will emerge as the leader of this final segment, while the other team will have the best overall record for the season. All of our other SIR Branch 176 teams remain competitive, and we hope other SIR bowlers will be competing in the playoffs. This summer we expect to have another No Tap league (where nine pins down count as a strike). Statewide, SIR branches have been invited to attend a Bowling tournament in Carson City, Nevada, during the week of April 22-25. At this time, virtually all of the available positions have been reserved by members of other SIR branches. Sounds like a very interesting, albeit expensive, opportunity to display one's bowling skills.

Special Profile:

Chris Roach

I was born in Pittsburgh, Pa. We lived in a small town named after some guy named Carnegie, about 5 miles from downtown Pittsburgh. Dad owned a small butcher shop handed down by his father. Mom was a housewife and helped at the shop on weekends. My brother was born 2 years after me. I had a large family on both sides with 35 first cousins!

I attended a Catholic “Co-intuitional” High School, where the boys were in one wing of the building and the girls in the other. Like that was going to keep us apart! My brother & I helped at the shop making deliveries & doing a bit with the meat cleaver occasionally. Neither of us lost any fingers! We both worked summers on county road crews cutting weeds, painting guard rails and filling pot holes. I also hitch-hiked to a Country Club in the next town to caddy. (Old guy memory: I carried 2 bags up & down a hilly course, in the heat & humidity for what you today would tip a guy to clean your clubs after a round at a resort... \$5!) I worked a couple summers during college for US Steel as a deckhand on river barges carrying coal from the mines to the mills (yes, those rivers always seen at the beginning of Steeler games!). After receiving a BA in Economics in 1970 from a State University, I wasn’t sure what I wanted to do. But it wasn’t going to be working in the butcher shop or on the barges!

So that’s where my great adventure began. A buddy & I decided to try out another part of the country, definitely somewhere warmer! At first we thought of Florida, but that was already known as a haven for old folks. Seeing people in shorts & tees on TV in the winter at football games, we decided to see what California was all about! Neither of us owned a car, so we “transported” one to LA. We paid for gas & had use of the car, until we arrived in LA. What, no car in LA?! Neither of us had much money, just some from savings & graduation gifts. We didn’t know anyone and had no job prospects (We were brilliant!). My first job offer came from a guy walking the streets of downtown LA. He was one of those guys who sold watches & jewelry displayed from the lining of his overcoat. I passed on that and instead got a job working as a management trainee (grunt) in retail, downtown. Fortunately the store had a lunch counter where I could eat until my first paycheck. A blessing because I didn’t want to have to call home for money; especially since my Dad didn’t think much of me moving across the country (“You go to California, you’re gonna be a Bum!). I stayed in LA for about a year. My buddy lasted 6 months.

California turned out to be a real opportunity for me. The state was rapidly growing (20M then, 40M now!) After retail, I got a job in banking. By that time I had moved to Ventura and started working at the bank’s auto dealer group,

inventorying dealers, collections and repossessions (that's a whole other story)! I was later accepted into the bank's management training program in SF. Once I saw the City on an earlier visit, I knew I wanted to live there in what I referred to as "Disneyland for Adults"!

I met my wife Pat in SF. She was in management with Pac Bell at the time. I had one more stint with US Steel, when I joined their Credit Dept. in SF. I watched from my office on the 15th floor as the Charles Schwab building was erected across the street. I had the full "Steel Industry experience" when I was laid off in an Industry downturn in the early 80's. Then it was back to banking. We were lucky enough to be renting in a 12-unit apartment building that converted to condos. As residents we were given the option to purchase our unit and thankfully we were able to.

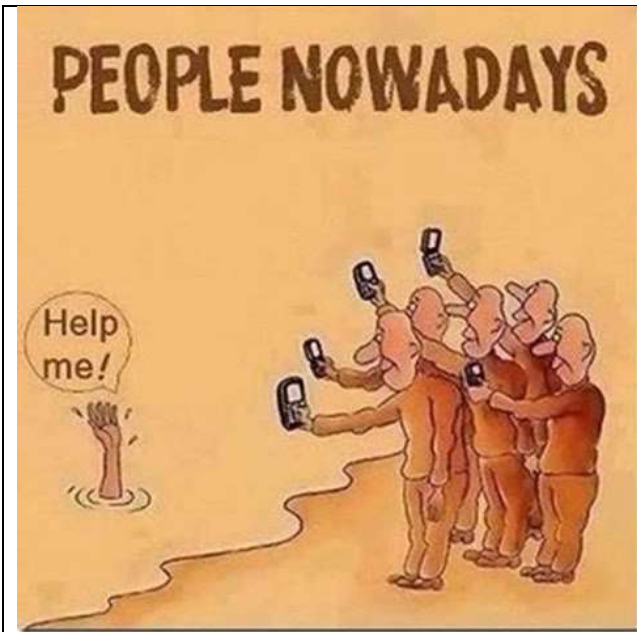

Our son Jeff was born in SF. When Jeff was 5, we decided to move out of the City (after 16 years for me) and decided on Sonoma County and Windsor. We decided to hold onto our condo as a rental, knowing that we would never be able to afford to move back in case Sonoma Co. wasn't what we expected. I transferred here with my bank and continued in banking with other local banks. One of the banks I worked for had a Premium Wine Group and I learned a lot about wine, much of which I've now forgotten. With all the wine tasting, barrel tastings and social events, both Pat & I really enjoyed that job. Banking provided the opportunity to attend many sporting events with clients and good seats to Giants, 49ers and Sharks games! The largest deal I worked on was the \$1B,715M participation loan in the late '80s to take Levi Strauss private. It just went public again in the last couple years. I retired from banking in 2011 as a Senior VP. in commercial lending.

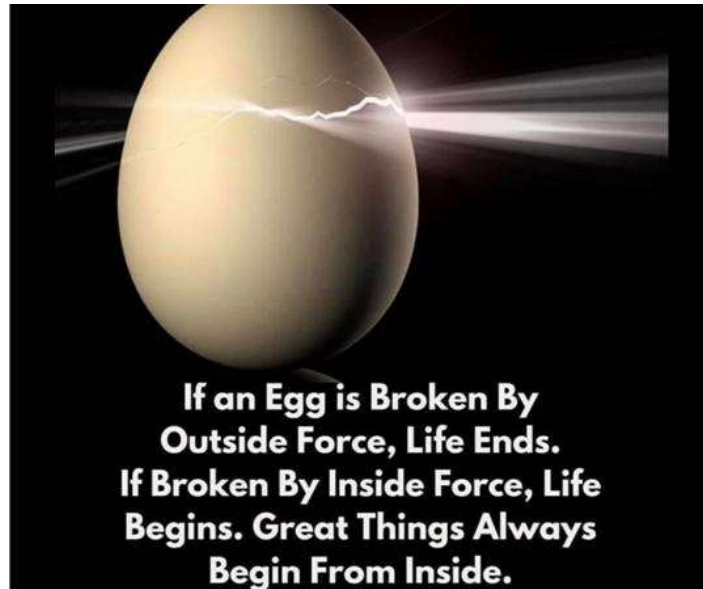

My son Jeff grew up in Windsor, but is living in SF again with his wife & 2 small kids (2 and 4) in our condo where he grew up. He is a software engineer and Lyndsey just returned to work for a national accounting firm, after a stint as a stay at home mom for a couple years.

As for volunteering, I coached Jeff in basketball with the Windsor Youth Assn. Basketball org. I was also a CASA (Court Appointed Special Advocates) volunteer where I mentored 2 boys for 5 years. I would later be a board member for 6 years. Additionally, I volunteered with Meals on Wheels for 2-3 years. Pat & I are having lots of fun with the grandkids, but it can be exhausting when we babysit them for an entire weekend while their parents are away! We love to travel. In addition to Mexico, Arizona and Hawaii, we have traveled to the UK, Italy, France, and Germany and will be visiting Spain this spring. Locally, we frequently visit our favorites, Tahoe and Monterey. We still enjoy the City, but it's got a ways to go to get back to where it was!

I am really enjoying SIR, with all the activities and am still making new friends. In 2023 I have completed my time as Big SIR but will still continue as Friendship Chair while starting my term as a 2-year Board member in 2024. I continue to believe that SIR was created by women who wanted a way to get their men out of the house!
