Monthly Luncheon Meeting Every 3rd Wednesday
@ **11:30** Jimmy's Lakeside Grill, 130 19th Hole Dr.
10/21 Lunch is \$30.00

Windsor Winds Edition

October 2026

Volume 33 Number 10

Big SIR – Steve De La Montanya

Seasonal Activities

Fall is here, and the good golf and bocce weather is holding on so far. Before long, however, we may begin to miss some outdoor play days and turn to indoor recreation. We hope our billiards group can find a new venue soon, and additional openings may become available in local bowling leagues.

At the Senior Center

The heat will be on at the Senior Center. The coffee is good, the conversation is lively, and you can't beat the price. Most vegetable production has wound down for the year, although a few items may still trickle in.

September Luncheon

We enjoyed a nice luncheon in September, including a welcome change to the menu with a pasta dish. Frank led the tribute to Rich Laucks, a long-time member and friend to many. Frank did a terrific job, sharing pleasant memories and marking the occasion with the ringing of the bell.

Leadership Update

Mark Nelson has stepped up to serve as Little SIR in 2027. In addition, the BEC Board members whose terms were due to end have all offered to continue in their positions. These commitments leave us in an excellent administrative position as we head into 2027 and beyond.

October Luncheon Schedule

Beginning in October, the luncheon schedule will be adjusted slightly:

- **11:30 a.m.** — General meeting begins
- **12:00 p.m.** — Meal is served
- **1:00 p.m.** — Speaker's presentation begins

Please arrive early enough to pay, pick up your name tag, and be settled by 11:30 a.m.

See You October 21

I look forward to seeing everyone at coffee and at our next BEC and luncheon meetings on October 21.

Little SIR – Bruce Okrepkie

September we had Olivia Lemen the director of Windsor Parks and Recreation speak. Amazing how many things they are in charge of.

October we have Nolan Sullivan the Director of Health Services for the County of Sonoma. He will be speaking on Measure O.

November we will have Sonoma Clean Power.

December is the Christmas Party.

That's all folks

Lil Sir

Bruce Okrepkie

LUNCHEON ON 9/16

At the luncheon we had 42 members (a little down from usual) who enjoyed a chicken pasta lunch. Also, for a somber moment Frank said a few kind words, and rung the bell for our departed friend SIR Rick Laucks.

Our guest speaker was Olivia Lemen the Director of Parks and Recreation for the Town of Windsor who explained how much her departement did for our city with so few employees and resources, quite amazing.

After the meeting Larry Thompson gave a demonstration on how to use or newly acquired AED and how to do hands only CPR.

Chris Roach – Friendship Report

A get well card was sent to Phil Bartels.

Finally, if you need a ride to the monthly SIR Lunch meeting, we have volunteers to drive. Also, we can probably get you to or from just about any activity. If you don't know who a volunteer driver might be, then just text or call me at 707-490-8510.

HAPPY OCTOBER BIRTHDAY TO:

Allan Cunningham, Larry Doherty, Steve Johnson, Stewart Morgan.

WELCOME OUR NEWEST MEMBER: **NO ONE**

While there is a chance we may pick up some guys from the Healsburg branch, let's not wait for that; instead invite that nice guy you know to coffee or any other activity they may enjoy.

MORE LUNCHEON NEWS

After discussion between Steve and Jimmy and the BEC it was decided that lunch being served right when our meeting portion of the Luncheon began, was too disruptive. Since Jimmy needs to serve us at noon to avoid a problem with his luncheon patrons, the BEC voted to, beginning October 21, to **start our luncheon at 11:30 am**. Please adjust your calendars and we'll see you at 11:30.

TUESDAY MORNING COFFEE 8:45-9:45

Good attendance at the Tuesday Morning 8:45am coffee session at the Senior Center continues. Most of our new members' first visit was to coffee time. So Please don't forget to invite a friend.

3PM Friday Happy Hour

OCTOBER'S SCHEDULE:

Since the weather starts cooling down, but is still mostly nice, we will begin moving towards places where we can sit inside if needed.

- 10/2: Russian River (last time this summer)
- 10/9: El Gallo Negro
- 10/16: The Publican
- 10/23: Jimmy's (he starts Happy Hour early for us)
- 10/30: Barley and Bine

Note: I intend to be substituting Lupe's for Russian River in November; if anyone has any other suggestions, please contact me at: palmer.ts@gmail.com. Also, some have asked about the new bar "Spurs"; they don't open until 4pm.

Bocce Ball - Stewart Morgan:

Both Courts and playing well and turnout is good, but still room for more. It's a lot of fun and you are welcome to play. Please come join us.

Golf: Paul Hanson & Frank Treanor

On Sept 2, the golf club is had its annual scramble at Windsor GC. Then, right after the contest, they met at Mary's Pizza for a hosted lunch.

Jerry is comparing the scorecards to determine the winner. It was a tight match.

The winner was the Team of Dennis Wikinson (at the end of the table) Treanor, Minkin and Young.

Golf continues through the fall and winter months. If you want to play, sign up by texting Paul at 707-291-4347.

SIR Branch 176 Bowling Report

The Monday and Tuesday morning Mixed Senior Bowling Leagues begun their 2026-2027 Fall - Winter leagues.

If anyone would like to join, please let me know. Dave Harrison, Bowling Chair (harrisod@sonic.net).

NO MORE POOL?

Unfortunately our Tuesday afternoon pool/game time at Rack n' Que is no more. It was great fun and the owners were very kind to us. However, with the high rent, they just couldn't make it work. We are very sorry to see them go. Another loss for Windsor and our Branch. However, don't loose hope; our activity coordinator, Sir Bob, along with Sir Jerry Culver came up with another solution. **FROM NOW ON POOL WILL BE AT THE BOWLING ALLEY**, same time. They've graciously agreed to open the bar/pool table area an hour early on Tuesday afternoons. There will be an employee to assist at the bar. On a positive note, the tables are smaller so we should play better. Also, they are pay by quarter tables, *so bring your quarters*.

NEXT OPPORTUNITY IS 10/1 @2PM*

To clarify, this is not a “Sir’s Activity”, it’s a foodbank activity in which we assist, therefore, women/friends are absolutely welcome and encouraged to participate.

We have a group going over once a month on the 1st Thursday of every month from 2-4pm. **The next service opportunity will be on October 1st**, (which by the time I get this sent out, may have passed, so after that is November 5th) **so if you haven’t been getting my foodbank sign-up emails and wish to volunteer, please email me immediately at: palmer.ts@gmail.com**

IN PROFILE:

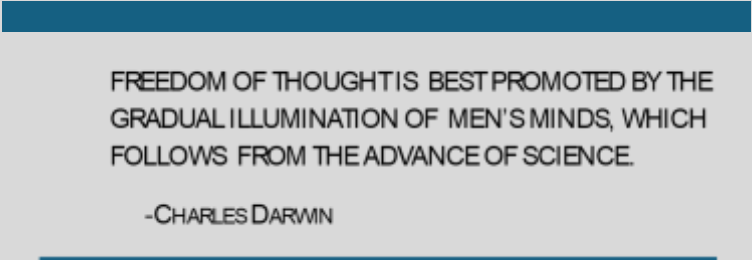

SIR Peter Vigil

Some people retire once. Peter Vigil has retired twice—and both times he treated retirement less as an ending than as an open door to the next subject that captured his curiosity. If Benjamin Franklin had been trained as a biochemist, he might have looked a

lot like Peter: a man who moves easily between disciplines, builds new systems wherever he goes, and never stops asking the next question. When asked if he had a hero, Peter didn't hesitate: **"Yes—Charles Darwin."** It fits. Like Darwin, Peter has spent a lifetime observing, cataloging, analyzing, and connecting ideas across fields most people never think to connect.

Roots in the Bay Area—and in Science

Roots in the Bay Area—and in Science
A Career Built on Curiosity—and Reinvention

Peter's first professional role was as **Science Librarian at Sonoma State University (1975–1979)**, where he first fell in love with Sonoma County. From there he embarked on a remarkable, multi-chapter career in **medical librarianship, technology analysis, competitive intelligence, database development, and corporate research**—a path that was a first- hand tour through the scientific and technological revolutions of the last 50 years. Across roles at **University of California, Davis; Caltech; the University of Illinois Medical Center; Information Access Company; IBM Global Services; and finally PricewaterhouseCoopers (PwC)**, Peter became the person organizations turned to when they needed someone who could master a complex domain quickly and then build the systems to make that knowledge usable. At PwC alone, he spent **17 years**, working on everything from economic analytics to mobile technology forecasting to global industry studies. "2008–2014: PwC Thought Leadership Institute... Economic and Financial Analytics; Survey Analytics; IT Forecasting... Multi-industry studies."
The "Un-Retirement" Years
Peter officially retired in 2014—but curiosity has never been something he could turn off. In 2017 he "un-retired" to join **UCSF's Appropriate Imaging Coalition** as the **Clinical Literature Coordinator**, where he supported physicians across five UC medical schools by organizing and synthesizing the medical literature behind imaging guidelines. "The Clinical Literature Coordinator's primary role was to search, screen, and organize the medical literature for the coalition."

He finally retired—for real this time—in January 2026.

A Life Anchored by Family and Global Connections

Peter and his wife **Sybil**—herself a global citizen born in Naples, raised in Buenos Aires, and immigrated to the U.S. at 17—have two daughters whose careers reflect the same international, intellectually curious spirit.

- **Adriana**, in Miami, is a corporate flight attendant and mother of three.
- **Analia**, in Brazil, is a neuroscience professor at the University of São Paulo, living with her neurosurgeon partner and their precocious daughter, Mila.

“Our younger daughter, Analia, is a neuroscience professor at the University of Sao Paulo, and their 9-year-old daughter, Mila (going on 19!).”

Peter and Sybil moved to Windsor in 2019 and have been part of the community—and SIR Branch 176—ever since.

A Polymath's Mindset

What ties Peter's story together isn't a single field or job title. It's a mindset:

- **Follow the question.**
- **Master the tools.**
- **Build the system that helps others understand.**
- **Move on to the next frontier when the work is done.**

It's the same spirit that animated Darwin, Franklin, and every lifelong learner who sees the world as an endless landscape of ideas waiting to be explored.

Peter Vigil didn't just build a career—he built a life powered by curiosity. And that engine is still running.
